WELCOME TO

ELITE ACADEMY LEAGUE

FOUNDING MEMBER 2020

San Diego, June 29, 2020 – The Elite Academy League announced its launch today. Created in the Western US Region and playing inside USYS and Cal South, the new league is representing the Southwest Division and each club’s total player pool, serving as a supplemental league to the “MLS Elite” Clubs, at the end of player pool.

Committed to developing top players across the platform, the league is built off the former DA standards and now the “MLS Elite”, keeping the prestige and top tier program that the former USSDA represented for the past decade.

This league was developed to address the needs of the member clubs, primarily assisting with developing top players inside the Elite Club’s player pools.

OUR PURPOSE

The Elite Academy League itself is formed by member clubs, primarily from the former DA, MLS Elite, and ambitious newcomers such as ourselves. It will serve from U11–U19 as a platform for top talent to compete in an extended playing circuit through Fall and Spring. The league will replicate the high standards and principles established by US Soccer and USYS.

OUR VISION

Our vision is to continually work and push our players, teams and clubs to the highest level and platform that we can achieve.

OUR PATHWAY

The announcement and development of the Elite Academy League with our membership, will provide our players and teams with a competitive pathway for advancement, growth and greater exposure in the continued pursuit of excellence.

Laguna United FC is excited about this great opportunity to be part of the Elite Academy League. The league’s vision and structure provides a clear developmental pathway for player and team progression that will greatly benefit our club and community. The platform of the league provides top youth clubs the opportunity to compete at a high level with meaningful games.
